

## Therapy

Acid Ghost

Tell me what am I supposed to do?  
Why should I tell them the truth?

I'll stay inside  
Don't wanna go outside for you

Inside...  
I'll stay inside  
I'll stay inside my home

And I'll sleep through  
And I'll sleep through  
And I'll sleep through

You can go outside, honestly  
Outside, honestly  
You can go outside, honestly  
You can go outside, honestly

Lemme go outside just today  
I'll go outside just today  
After tonight I'll fly away  
Lemme go outside today

Cause I missed you, honestly  
And I will miss you, honestly  
And I missed you, honestly  
And I will miss you, honestly
