

# Vulnerable

Acid Ghost

Shoot it up  
All of my fears and such  
Away from all my luck  
All today  
Make it work  
Into my vein you hurt  
My body turns to dirt  
So do you

And I don't know what to do  
Just lay down and shoot  
And paint the world through my eyes  
I don't know that to do  
Just lay down with you  
And feel a rush all inside  
All inside

New sky shines  
On my unopened eyes  
Few more hours  
Of my trip  
Throw it up  
All my days are rough  
Smiling hurts so much  
But no one knows
