

## Laser Headlights

Acid King

Dead circles in my eyes  
Coming at me in my mind  
Faster than the speed of light  
Laser headlights in the sky

Dead circles in my eyes  
Coming at me in my mind  
Ground controls the path of life  
Laser headlights in the sky

Dead circles in my eyes  
Coming at me in my mind  
Faster than the speed of light  
Laser headlights in the sky
