

## Red River

Acid King

Red river flowing to my feet  
Red river flowing to my knees  
Follow the river to the hills  
Follow the river to the hills

Red river rises over me  
Red river covers all I see  
Follow the river to the hills  
Follow the river to the hills

Red river travels through my being  
Red river fills the life in me  
Follow the river to the hills  
Follow the river to the hills
