

# Built To Bleed

Acres

Let's go

Spiraling mind like a whirlwind inside  
I'll bury my head like I do every time  
Do I pretend or do I play dead?  
Stuck in a world I don't wanna be in

Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt

Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt  
Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt

And I ache from every mistake that I've made  
A dark poisoned mind that I can not escape  
And I fantasize that when I close my eyes  
I'll fall asleep for the very last time

There's a part of me  
That no one else has seen  
Caught inside a lie, I can see no light  
There's a hell living right between my eyes  
There's a part of me

(I am) Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt  
Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt

'Cause there's a part  
'Cause there's a part of me  
No one has ever seen  
'Cause there's a part of me  
No one has ever seen

Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt  
Built to bleed, here to grieve, made to hurt  
Until my body is in the dirt
