

Sharpen Your Teeth

Acrs

Suppress it all
My body feels numb to the core
And I don't think I can handle this no more
The air I breathe it doesn't feel so pure
And it's all because of you

Did you get what you wanted
When you sharpened your teeth, bite the hand that still feeds
And I can't keep on much longer
Push my face in the dirt, tell me how much you love me to hurt

Maybe it's the love I had to give
Or was it all the times that I gave in
And you were killing me slowly
When you were holding so tightly
Maybe I'm a fool for being blind
And never seeing past the warning signs
(You'll get what you deserve)

Did you get what you wanted
When you sharpened your teeth, bite the hand that still feeds
And I can't keep on much longer
Push my face in the dirt, tell me how much you love me to hurt

You take me places I don't want to go
'Cause the melody of your heart, sings softly to my soul
You take me places I don't want to go
'Cause the melody of your heart, sings softly to my soul

Did you get what you wanted
When you sharpened your teeth, bite the hand that still feeds
And I can't keep on much longer
Push my face in the dirt, tell me how much you love me to hurt

Sing to me, the melody of your heart
Sing to me, the melody of your heart
