Careless Ones

I'm tired of living in the morning

And I'm tired of living at night

And I'm tired of searching for the meaning

And I'm tired of wanting to be...

I'm tired of living in the morning!

And I'm tired of living at night!

And I'm tired of searching for the meaning!

And I'm tired of wanting to be wanted, to be wanted, to be..yeah..yeah..yeah

Surrender.
