

Forgotten Rhymes

Acroma

Hey! Can you hear me?
This is our last shot
Hey! Can you believe me?
Will must to do something

No! I never came back
My life is my work bring me your disaster
Go! leave me alone
Trust me, I know, but I can't do nothing

Forgotten rhymes
words never spoken
remember, release your fears
Forgotten words
Rhymes never written
Remember, release your dreams

Forgotten rhymes
words never spoken
remember, release your fears
Forgotten words
Rhymes never written
Remember, release your dreams
