TRIBUS
AWAKEN FROM OBLIVION
NOISE AT LIGHT

I Don't understand
what I looking for
All that noise
All that lights

is Finally the moment?
to know why I'm here
I am watching through the glass

Is this a dream ?
I feel like I'm falling
so far away from home

This Foolish time
played with my life
it made me believe
something wrong
This foolish life
played with my time
it made me believe something good

Follow the lights
open your eyes , I know that you can hear me
don't be scared , I will try , I really will
Will you rescue me ?

MY BEST CHOICE

I fall deep down while I see you
I'll really do it, you can be sure
from the end of my days
will you be my best choice

I can't hear your voice
I can't follow you
The sun hasn't risen yet
and I want to escape from here
I feel everything so unreal

the woman with deep black eyes
and her thirst of control
waiting for him

I can't hear your voice
I can't follow you
The sun hasn't risen yet
and I want to escape from here
I feel everything so unreal

I will dare to think right now that
I don't want to wake up
I can't see you
the fog covered everything

every step and every blinking

I have no doubt
you have awakened my senses
we cannot hide from the truth
inside the walls you should be quiet

this meeting is not a simple curiosity
she embraces the moment after for a long time
she wants return

What happen?
someone confuses my mind
she follows you through all reality
she lies to you again
no, that is no possible
she is real and I need to feel that
I need to feel that

WHATEVER IT TAKES

The eternal struggle of good and evil
I will try everything, whatever it takes
for you , for both of us
our lives are near to change
I know I feel

The eternal struggle of good and evil
I will try everything, whatever it takes
for you, for both of us

from the deep of her ego she will try
intervene , but it'll be not enough
she is the master of lies
and her mask will fall

To be all right and keep calm
she found her weak point
thirsty of control
every day it covered the air
the mask will fall
and she tries destroy everything

THE SUN HASN'T RISEN YET

what`s happen ?
someone confuse my mind
she follows me through all reality
you dare to lie me again
I can't wake up
where am I ?
brief situation , heavy breathing
everything it out of my hands
I can't feel my feet's slowing in the air

I can't hear your voice
I can't follow you
The sun hasn't risen yet
and I want to escape from here
I feel everything so unreal

WAKE UP
THE SAME GLASS

It's finally the moment
to know why I'm here
I am watching you right now
and it's real
it was alone road
but yes, we are here
we are watching through the same glass
