

## 103 And Roosy

Action Bronson

Medication in the plastic bag  
I'm a man motherfucker, you're a half a fag  
My chest is hairy like the Cubans rocking silk  
In the 80s on Miami beach  
You're just a rabbit that be captured by the falcons feet  
I hunt for the meat see me we can thump in the street  
Fuck around leave you slumped in your seat  
Cause we're coming from Queens, every platter is Zagat rated  
Caramelized up, bulls are getting castrated  
Hold up hold up someone pass the weed to me  
Fuck a routine I'm switching up the scenery  
Boats with decks strictly using throats for sex  
Yoga stretch, open pussy like a sofa bed  
Key lime spear fishing off the Yucatan  
Grab a barracuda higher than a parachuter  
Pair of shooters Anthony and Harper  
Caciocavalli dog I'm sharper than the archer  
I'm an artisan down for bi-partisan  
Cause everyone getting paid see me with the freshest fade  
Charles Oakley gecko belts and durangos  
I fuck good and make big seeds like a mango  
NFL ready, sculpted for the clay court  
Simple spaghetti shifting in the gray sport  
Suck my dick bitch real good  
Mother fuck a kid, Action Bronsolino suck my balls

No disrespect ma, I'm tryna eat the pussy  
Lift your legs over you head so I can taste the tushy  
King Thrust is what they call me at the hooker house  
260 pounds of pressure right in a hookers mouth  
5'7" with the ass of of a horse  
Put it in from behind its the salad I toss  
She ride me like a maniac  
Best believe the bitch a brainiac  
She known to keep a fresh shaven cat  
Milk chocolate and her eyes like the sun  
Keep a loaded 22 inside her thighs and her buns  
Her pussy lips are tight just like the box of a nun  
She'll have a fiend itchy and scratchy for rock in the slums  
Boosting in the boostiere  
I give my favorite Goose away just to get a closer look at how the juices sp  
ray  
Fucking tired can't go no more  
My raps are marinated days ahead  
Jalapeno cream cheese on the raisin bread  
That's for breakfast  
I've got a death wish you never catch Bronsolino in a necklace  
I'm on the block like tetris  
Caddy green Northstar engine  
Pecan pie seats Lord I'm a legend  
Queens shit man
