

Yeah  
Young swinger  
Baklava  
Young Gary Sheffield  
Queens shit  
Flushing to be exact  
Uh  
Young captain  
Young everything  
It's me bitch

Stuck in the maze, switch my face up like Nicolas Cage's  
Switch up the plates before them cowards catch a gaze  
I'm in the shower with my Latin maid  
That ass is hot you could crack an egg and cook it  
She told me, shake my dick, I shook it  
She wasn't even looking  
She was locked in watching "Vampire in Brooklyn"  
Eddie Murphy with the long hair  
Well, I prefer "Trading Places"  
Shit, I might have landed a role in the new "Matrix"  
Cop the blue spaceship  
Just stay the fuck from 'round my essence if you got two faces  
I'm fired up like an old-school basehead  
From Mill Basin  
86' shit, I can still taste it  
I lost my house on the Raiders  
And those fucking Lakers  
They tackled Bo at the 30 and did me dirty  
Elbow injury for Magic  
Ankle injury for Worthy  
I'm in that black 850 twirling  
With the all brown shearling on  
Earl the Pearl jersey, my mind got murder on it  
Dudes be emotional bitches  
I float in the 6 and if I want I could put like 20 keys of coke on my  
wrist  
You know the kid, one hand hang off the cliff  
Like I'm Sly Stallone  
I'd rather die alone than live around you motherfuckin' cowards

It's true  
It's true  
It's true  
It's true  
It's true  
It's true  
It's true  
It's true  
It's true  
It's true
