

## Re Elect Dinkins

Action Bronson

Mr. Dinkins, would you please be my mayor?  
You'll be doing us a really big favor  
Mr. Dinkins, would you please be my mayor?

This New York Knick flying  
Jetting with some Giants  
Or raging in Long Island  
Bronx Bombing with some Lions  
In my city that's the client  
The product I'm supplying  
Words got 'em wilding like a Rikers Island riot  
Yeah, I'm shining what I'm writing  
Every letter will win  
I'm trying to have Manhattan rock me more than cheddar Timbs  
Rest in peace to the 9  
When weed was a fine  
And Rockefeller was a governor  
Not some jail time  
It's Machine, Mr. Rap For Days, you got nada  
I'm holding down the base like I'm Jorge Posada  
Grand slamming, my team connect like Verrazano  
From the land of the Gotti's  
Gigante's, the capos  
The Uptown knock out  
Heat sealed by papo  
Broadway, Audubon, Amsterdam, all day  
The galaxy of Queens  
And hipsters on the L train  
It's Mayor Goonberg!  
All you herbs will get?

1990 to '93, Action Bronsolini  
Yo, Summer '91, me and David Dink  
My shoes were suede  
His diamond color, gray blink  
Held the sniffer, quarter filled with Cognac  
Had security to handle heavy chrome gats  
Turned his head, took a bump, wiped his nose off  
And copped a loosey, a Philly and a O-Dog  
He spit the game to make the ladies take their clothes off  
He ride Mercedes, smother chicken gravy, cole slaw  
White bitches was his forte

He fed them raw yay  
Portraits of himself in the foyer  
She asked the lord to eat the kitty  
He put a knife to her neck  
"Listen bitch, yo this is my city"  
Chain of command, chief of police to take the fall  
Hundred thousand dollars out the projects  
Straight to the hall  
Clouds of smoke, floating out the gray Lincoln  
We's thinking, best to re-elect Dinkins  
Bitch!

Mr. Dinkins, would you please be my mayor?  
You'll be doing us a really big favor

Yo  
If you ain't know who I be, what the name was  
Same thing as the beach, bitch, wave them  
Hands in the air, you should know where I'm from  
Same place as Hip-Hop and KRS-One  
To the R tick tock and we just begun  
Furthermore, shit stopped when we're in the room  
Facelift, community juice, colossal  
Flow dooper than Strawberry's nostrils  
No niggas, no mom or pop  
But still made it in America with Rasta Masta  
The ganja, moved on to the Sarah Jessica Parker  
Cut it like a barber, put it in boiling water  
Empire State, Big Apple pies  
Try your fate, homie, Capitalize  
Early '90s way of thinking  
Romy on a mission  
Bloomberg is the mayor  
But I voted for David Dinkins

Mr. Dinkins, would you please be my mayor?  
You'll be doing us a really big favor
