

# The Team

Action Bronson

I'm grindin' every day, never sleepin' on the mission  
Came from the bottom, now I'm pushin' past the limits, no permission  
City lights in my eyes, got the hustle in my veins  
Every step that I take, I'm breakin' all the chains

From the struggle to the top, I won't ever stop the climb  
Got the heart of a lion, and I'm runnin' out of time  
They said I wouldn't make it, now they see I'm on the rise  
I'm the one they overlooked, now I'm takin' the prize

In the booth spittin' truth, every line's a revelation  
No fakin', just the real, this is my proclamation  
Chasin' dreams, never slow, always keepin' it 100  
Every beat that I drop, know the vibe is never blunted

I'm the spark, I'm the flame, watch me light up the game  
They know my name in the streets, 'cause I ain't playin' no games  
From the dirt, from the mud, now I'm clean and pristine  
Keep my eyes on the prize, nothin' comes in between

Hustle every night, hustle every day  
On this road to riches, ain't no other way  
Keep my circle tight, keep the haters at bay  
In this life of grind, I'm here to stay

I'm a boss in the making, no matter what they say  
On the path to greatness, I'ma pave the way  
From the bottom to the top, yeah, I came to slay  
In this game of life, I'm here to stay

Never took a handout, I built it brick by brick  
Turned the pain into power, now the grind is legit  
Stayed focused on the dream, while they doubted my moves  
Now I'm standin' on the peak, got nothin' to lose

Made it out the struggle, now the view is panoramic  
Every lyric, every word, man, it's more than just semantics  
I'm a force to be reckoned, never backin' down for none  
When they said I couldn't do it, man, the race had just begun

Now I'm countin' blessings, never stressin' what they say  
Kept my faith in the process, now I'm gettin' paid  
From the late nights to the early morn, I kept it real  
Now the checks comin' in, and the haters gotta deal

It's a marathon, not a sprint, so I pace it  
Every day another chance, I'm just tryin' not to waste it  
From the pen to the pad, I'm expressin' my pain  
In the game of life, man, I'm changin' the lane

Hustle every night, hustle every day  
On this road to riches, ain't no other way  
Keep my circle tight, keep the haters at bay  
In this life of grind, I'm here to stay

I'm a boss in the making, no matter what they say  
On the path to greatness, I'ma pave the way

From the bottom to the top, yeah, I came to slay  
In this game of life, I'm here to stay
