

Ancient Eye

Active Child

Below these leaves
And below the dirt
There's a path that leads
To the center of this Earth, I swear

If you're lucky
You'll make it through
Deep inside, there's a chamber for me and you
Only for you and me

I see it all in your ancient eye
I see it all in your ancient eye
I see it all in your ancient eye
I see it all in your ancient eye
