

# Call Me Tonight

Active Child

I saw your face  
And it left me with a taste  
Of your lips on my tongue  
Oh, it's always been worth it  
I know I'm deserving your love

Call me tonight  
I swear I won't be here for long  
So if you wanna play a game  
Or continue just to torn me whole

I saw your face  
And it fall  
And it fall

Call me tonight  
Call me tonight  
Call me tonight  
Call me tonight

Sweet, sweet perfume  
I can't help it  
Uncosume  
A leaf of your neck  
Oh, it's driving me crazy  
I can't keep on breaking my back

Call me tonight  
Call me tonight  
Call me tonight  
Call me tonight
