

# Euphoria

Ad Infinitum

Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Live in the moment  
A promise to me

Get your keys  
And let us go for a ride  
I know it's late, but I don't wanna cry  
Anymore  
Always played it cool  
By the rules  
'Cause I'm a goddamn fool

Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Live in the moment  
A promise to me  
Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Scream and let it all out  
Just one breath away, away

Joke's on me  
Guess I was living in a fantasy  
'Cause expectations are a felony  
I plead guilty  
No tears left to cry  
All I want is shivers down my spine

Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Live in the moment  
A promise to me  
Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Scream and let it all out  
Just one breath away, away

Wrecking my fears  
Tears in my eyes  
Somehow I found my Euphoria  
Here in the moment, moment...

Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Live in the moment  
A promise to me  
Don't wanna feel  
Stuck in a lie  
I wanna live in Euphoria  
Scream and let it all out

Just one breath away, away
