

Grace Has Won

Ada Ehi

We call him the favour (favour)
We call him the favour (favour)

I see your favour working for me
I see your favour working through me
Oh Lord, your grace is won
Oh Lord, your grace is won
Favour is my name
Favour is my name

Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do
Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do

I see your power working for me
I see your power working through
Oh Lord, your grace has won
Oh Lord, your grace has won
Increase is my name
Increase is my name

Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do
Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do

I see your glory move in this place
I see your glory move in this place
Oh Lord, your grace has won
Oh Lord, your grace has won
Favour is my name
Favour is my name
Increase is my name
Increase is my name

Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do
Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do

Favour is my name
Favour is my name

Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do
Your goodness surrounds me
And your mercy defends me
Your glory displays in all that I do
