

Not Alone

Ada Ehi

I have a destiny
I have a future
Write the visions, make it plane on the table
That he might run that readeth it, Hallelujah
Before I was born you knew me
Before the naming ceremony you called me

I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone

I have a destiny
I have a future
Write the visions, make it plane on the table
That he might run that readeth it, Hallelujah
To us who believe he has given
Power to become sons of God, Hallelujah

I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone

Not alone
I am never alone
I've got company with me
I am taking with me words, words

I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone
I'm not alone, not alone...
