

# The Final Say

Ada Ehi

God, Your love never runs out  
It's deeper than the endless sea  
Your glory never fades out  
You're the one that we adore  
The one that we adore

King of the universe  
Jesus, You have the final say  
We have seen Your faithfulness  
You are who You say You are  
Your word will never fail  
You have the final say

God, You never lose a battle  
In Your name we have overcome  
Nothing can contain You  
Your word will come to pass  
Your word will come to pass

King of the universe  
Jesus You have the final say  
For we have seen Your faithfulness  
You are who You say You are  
Your word will never fail  
You have the final say

Have you ever seen the Lord change?  
Have you ever seen the Lord disappointing?  
Have you ever seen the Lord change?  
Have you ever seen the Lord disappointing?

Your word will come to pass  
King of the universe  
Jesus You have the final say  
For we have seen Your faithfulness  
You are who You say You are  
Your word will never fail  
You have the final say

Have you ever seen the Lord change?  
Have you ever seen the Lord disappointing?  
Have you ever seen the Lord change?  
Have you ever seen the Lord disappointing?  
I have never seen the Lord change  
I have never seen the Lord disappointing  
I have never seen the Lord change  
I have never seen the Lord disappointing
