

# The Word Is Working

Ada Ehi

I lift my hands tonight  
The limitations are broken  
I lift my voice tonight  
All the walls around me are fallen

The word is working  
The word is working  
The word is working  
Oh oh oh  
The word is working  
The word is working  
The word is working  
In me

Put your hands up real high  
Put it up high  
So high  
We're taking over  
We are  
You and I gonna fly in the sky  
Say the word is working on the inside  
Flowing through the outside  
Making me o o o o over

The word is working on the inside  
Flowing through the outside  
Making me o o o o over  
The word is working on the inside  
Flowing through the outside  
Making me o o o o over

I lift my hands tonight  
The limitations are broken  
I lift my voice tonight  
All the walls around me are fallen

The word is working  
The word is working  
The word is working  
Oh oh oh  
The word is working  
The word is working  
The word is working  
In me

The word is working  
The word is working  
The word is working  
Oh oh oh  
The word is working  
The word is working  
The word is working  
Oh oh oh

The word is working  
The word is working  
The word is working

Oh oh oh  
The word is working  
The word is working  
The word is working  
Oh oh oh

Say, the word is working on the inside  
Flowing through the outside  
Making me o o o o over  
The word is working on the inside  
Flowing through the outside  
Making me o o o o over

I lift my hands tonight  
The limitations are broken  
I lift my voice tonight  
All the walls around me are fallen  
Tonight!

I can do anything  
Tonight  
No limitations  
Tonight  
I can do anything  
No limitation  
Tonight
