

## Amazon

### Adam and the Ants

Just stay out of my face  
And get out of this place  
Stop pulling my string  
If you want a nice face  
Boy

None so dull as spoken word  
Things like "girls be seen not heard"  
And when she fights you back  
Don't call her Amazon

Be very quiet,  
Nothing to say  
Talk like a nice boy  
And you'll be O.K.  
You dig

A slice of heaven is what you are  
Said Mary Joe in her little car  
A slice of heaven is what you are  
Now sensual big ladies are

Stranger in town  
Plenty of cash  
But you're in the wrong place friend  
If you want to be flash  
Dig it

The sweetest girl I ever knew  
Was six feet four with eyes of blue  
She's so wonderful  
Don't call her Amazon

A slice of heaven is what you are  
Said Mary Joe in her sports car  
Such a darling child  
Don't call her Amazon
