Baby, Let Me Scream at You

Adam and the Ants

Say it girlfriend, say it aha Say it girlfriend, say it aha Say it girlfriend, say it aha

Well this is this and that is that Though shrinks say they know better But people making love says more Than any word or letter

He's not too good with books and such No not too good with that But he's got knowledge nice and raw And lots of nifty chat

Baby let me scream at you You can decline of course I'm talking to your girlfriend Give me some chili sauce

Say it girlfriend, say it aha Say it girlfriend, say it aha Say it girlfriend, say it aha

Baby let me scream at you You can decline of course I'm talking to your girlfriend Give me some chili sauce

Well this is this and that is that Though shrinks say they know better But people making love says more Than any word or letter

She's not the subtle kind at all Don't give her life from books But girls are girls are girls are girls And boy she's got the looks

Get in get on get down get off Get up get dressed get out And if you find a better way Pick up the phone and shout

Get in get on get down get off How fond of milk you are Don't be a Mrs. Hangup girl Beaucuop de Chocolat

Baby let me scream at you You can decline of course I'm talking to your girlfriend Give me some chili sauce

It's that moment when you know it
A first glance let's you show it
That something good will happen here tonight
And far across the room

So deep inside her spoon You passions like a spear of true delight

Get in get on get down get off Get up get dressed get out And if you find a better way Pick up the phone and shout

Get in get on get down get off How fond of milk you are Don't be a Mrs. Hangup girl Beaucuop de Chocolat

Baby let me scream at you You can decline of course I'm talking to your girlfriend Give me some chili sauce

Get in get on get down get off Get up get dressed get out And if you find a better way Pick up the phone and shout

Get in get on get down get off How fond of milk you are Don't be a Mrs. Hangup girl Beaucuop de Chocolat

Baby let me scream at you You can decline of course I'm talking to your girlfriend Give me some chili sauce
