

Spanish Games

Adam and the Ants

Now I don't go too much on names
No, I don't go too much on names
When there's Spanish games
You can play if you want to

Always try to look our best
Frills and Spanish dress
When we want to
She can be my matador
Chase me 'round the floor
When she wants to

Now I don't go too much on names
No, I don't go too much on names
When there's Spanish games
You can play if you want to

Figures charge in burning red
Angels fear to tread
Should they want to
She can be my matador
Chase me 'round the floor
When she wants to

Now I don't go too much on names
No, I don't go too much on names
When there's Spanish games
You can play if you want to

Never want to cruise about
Never bothered showing out
You only want to wear me out

Never want to cruise about
Never bothered showing out
You only want to wear me out

No, I don't go too much on names
When there's Spanish games
You can play if you want to

No, I don't go too much on names
When there's Spanish games
You can play if you want to
