

Gun In Your Pocket

Adam Ant

You ain't no Bradley Pitt
And you ain't no De Niro
You ain't no Sly Stallone
So give a shout baby, before you go

Now, you ain't no Monty Clift
And you ain't no Jimmy Dean
Bored little members are kinda brow
I like my [?] to a point boys

Is that a gun in your pocket?
If that's your gun, I love it
If that's your beast, let's have it
Is that it?
A gun in your pocket, ah-ooo-oo...

You ain't no Johnny Depp
And you ain't no Adam Ant
You ain't particular
In your wide backed satin pants

You ain't no Alain Delon
And you ain't no Belmondo
You ain't no Johnny Weissmuller
You ain't no chameleon, no
Because baby...

Is that a gun in your pocket?
If that's your gun, I like it
If that's your scary beast, let's have it
Is that a gun in your pocket?
It's a gun in your pocket, ah-ooo-oo... (is that a gun, is that a gun, is that a gun)

We don't like boys who walk like orangutans, Liam
We don't like boys who don't talk like boys
We don't like boys who slap up their bitch man
We don't like boys who shout out their own names when they reach orgasm playing with their sex toy

Is that a gun in your pocket?
If that's your gun, I knock it
If that's your beast, let's have it
Is that a gun in your pocket?
Is that a gun in your pocket? ah-ooo-oo...

We don't like boys who walk like orangutans, Liam
We don't like boys who drag their knuckles on the ground
We don't like boys who go on radio shows and tell old men
They've made love to their grand daughters (you're still walking? you're still walking?)

Is that a gun in your pocket
If that's your gun, I like it
If that's your scary beast, let's have it
Is that a gun in your pocket?
A gun in your pocket, ah-ooo-oo...

Is that a gun in your pocket?
If that's your gun, I love it
If that's your scary beast, let's have it
Is that a gun in your pocket?
Gun in your pocket, ah-ooo-oo...

Is that a gun in your pocket?
If that's your beast, let's have it
If that's your beast, come on and let's have it
A gun in your pocket, yeah

Ain't no gun, ain't no weapon

Suck my kiss
