

# Human Bondage Den

Adam Ant

Hey ho strike  
Hey ho strike

O lucky lucky lucky me  
I can live here in luxury  
Can't answer your simplicity (oh no)  
You've got to stop your grumbling  
And all that human bondage den  
And try to make a man of me

Hey ho strike one  
Last one in's a son of a gun

Hey ho strike two  
Can't fight here, this is the war room

Oh never never let me go  
The flaming flesh that wonder hole  
Where violence equals zero (oh no)  
You've got to stop your grumbling  
And all that human bondage den  
Beef cake and custard to a big hero

Hey ho strike one  
Last one in's a son of a gun

Hey ho strike two  
Can't fight here, this is the war room

Can't fight here, this is the war room

So kiss me quickly who'll oblige?  
Oh come along and don't be shy  
Don't be all surface no insides (oh no)  
You've got to stop your grumbling  
And all that human bondage den  
So swear the heat in baby  
No neck ties

Hey ho strike one  
Last one in's a son of a gun

Hey ho strike two  
Can't fight here, this is the war room

Hey ho strike three  
Action stations I'm ready

Hey ho strike four  
My durango supercar

Hey ho strike five  
Wake up now its time to die

Hey ho strike six  
Flopnik kaputnik

Hey ho strike seven  
Kissing at five, necking at eleven

Hey ho strike eight  
Decided to co-operate

Hey ho strike nine  
Gonna have us a crackin'good time

Hey ho strike ten  
Flowers, bullets, zen and zen
