The Magnificent Five

Adam Ant

Long ago in London town a man called Ant sat deeply sighing he was wondering which side of the fence he was on prick up your ears...

time went by and soon
the one was five young hombres
burning fire
they were in no doubt
which side of the fence they were on
prick up your ears (mag-nificent five)...

he who writes in blood doesn't want to be read he must be learned by heart he's got to be learned by heart

they believed in sex and looking good with their own brand of music they weren't pandering so which side of the fence are you on?
