

Sunset

Adam Calhoun

Uh, I'm feeling free as a bird
Free as a bird
Uh, ridin' down Sunset
I ain't got

Listen up, look at me, for my country, I will bleed
Men and women gettin' killed overseas, nothin's free
See that air that you breath
Someone sacrificed their life
So why you feel you can knee
When they raise the stars and stripes

I-I-I love to kill them all
Love forgive me sorry God
Can y'all please quit your bitchin'
Or at least got get a job
You'd rather stand around
Burn the flag to the ground
Let that happen in my town
See how fast you get found

Where I'm from we don't play
We just pay our respects
And if you got somethin' to say
You gonna say it with your chest
If you can't back it up
You gonna say it with regret
What they say
"Fuck with the best and die like the rest"

I'ma live to the death of me
Definitely got some devil in me
Sort it out with the Lord
Then maybe it's heaven for me
We'll see how it goes from here
Hopefully die old in a chair
Flag blowin' in the breeze
Sippin' on a cold beer

Yea, I'm feelin' free as a bird
Uh, I'm feelin' free as a bird
Yea, I'm feelin' free as a bird
Ride into the sunset
I ain't got one regret

Uh, I'm feelin' free as a bird
Yea, I'm feelin' free as a bird
Uh, I'm feelin' free as a bird
Ride into the sunset
I ain't got one regret

Uh, free as a bird
Bird, free as preferred
Some man that give them the bird
Bird, if they offended by my
Freedom of words
Words, damn right I meant it when I said it

That's my word
Word, and that shit authentic

My panic for panic fighters in bags
Throwin' them left and rights
Writtin' songs to right these wrongs
Until there's nothin' left to write
Best advise I was given
"Live this life you was given
Like the only one you have
And don't hold back
'Cause you ain't livin' twice"

No regrets, no regrets
Baby, no regrets
You lookin' for a perfect life
I wouldn't hold your breath
They take my tips in cash
I'm going to my death
Ain't gotta tell me
Life ain't free
I know who wrote the check

I know, I know
Who paid the price
Who saved my life
I know, I know my road
And ain't afraid to say it's Christ
Don't take me yet
Please Lord, I ain't done yet
Greatest yours
I just wanna ride off in the sunset

Yea, I'm feelin' free as a bird
Uh, I'm feelin' free as a bird
Yea, I'm feelin' free as a bird
Ride to the sunset
I ain't got one regret

Uh, I'm feelin' free as a bird
Yea, I'm feelin' free as a bird
Uh, I'm feelin' free as a bird
Ride to the sunset
I ain't got one regret
