

## Tree Tire

Adam Calhoun

Look at me, ha, you just mad at me, why?  
Shot my first gun on grandpa's lap, I was knee high  
You pussy like a feline, you ain't built like me, huh?  
I bought a new chain, that bitch swang like a tree tire  
Look at me, ha, you just mad at me, why?  
Shot my first gun on grandpa's lap, I was knee high  
You pussy like a feline, you ain't built like me, huh?  
I bought a new chain, that bitch swang like a tree tire

Man I'm fucking getting it, hand me the shovel and show me where the shit is  
Man I be digging it, they say I can't rap because what color my pigment is  
I had to cut theselves in half, show them what the vision is  
Money stacked for me, ha, you just mad at me, why?  
Shot my first gun on grandpa's lap I was knee high  
Drinking peach knee high, got yelled at by mee-ma  
Wrote this whole album wearing red wings and Levi's  
Who your favorite rapper is? I'm the only one with balls to stand up to the  
activists  
I ain't fucking havin it, man I wish they would like a cabinet  
Smack ya like your daddy did, slap it with the cama wrapped caddy, bitch

Look at me, ha, you just mad at me, why?  
Shot my first gun on grandpa's lap, I was knee high  
You pussy like a feline, you ain't built like me, huh?  
I bought a new chain, that bitch swang like a tree tire

Man I'm fucking getting it, hold up, wait aye  
Why these haters swinging from my dick like a gymnast  
Imma be here til I finish, probly gonna be a minute  
I been acting like this since grandma smacked me in the kitchen  
Why they mad at me though?  
They can't get the cheat code  
Talk about ballin' but they can't hit a free throw  
Dressin' up in cheap clothes  
Car gettin' repaired  
I wrote this whole album in a week, though  
Ay, who your favorite rapper is?  
I ain't ever heard of him, asked a couple dudes to fight, never heard a word  
from 'em  
Sittin' on this furniture, starin' at my burner is  
When a motherfucker talkin' shit, Imma murder him

Look at me, ha, you just mad at me, why?  
Shot my first gun on grandpa's lap, I was knee high
