

# Reckon

Adam Craig

Reckon she's down in New Orleans  
Turnin' them heads on Bourbon Street  
Like a hurricane everybody gonna know her name  
When she blows through  
Reckon she's rockin' down I-10 in a 90 mile an hour  
Goodbye wind  
Wade and glow rock & roll on the radio  
Cracked rear view  
What am I gonna do

She's wrecking me  
For wrecking her heart  
Yeah reckon she's chasing down a brand new start  
Reckon she's missin' me  
Reckon she'll forgive me  
Reckon she's gone to stay  
Reckon she'll come back someday

Reckon she's crashin' on her brother's couch  
Drinkin' cheap beer at a frat house  
Down at Ole Miss where her little sis is in  
In her freshman year  
All I know is she ain't here

And she's wrecking me  
For wrecking her heart  
Yeah reckon she's chasing down a brand new start  
Reckon she's missin' me  
Reckon she'll forgive me  
Reckon she's gone to stay  
Reckon she'll come back someday  
Yeah

Reckon I'll pour one more whiskey  
Sit back and let her memory kiss me  
Over and over  
Is it over

She's wrecking me  
For wrecking her heart  
Yeah reckon she's chasing down a brand new start  
Reckon she's missin' me  
Reckon she'll forgive me  
Reckon she's gone to stay  
Reckon she'll come back someday  
Reckon she'll come back someday  
Reckon she'll come back someday  
I reckon she'll come back  
Yeah I'll get her back  
Whoah  
Whoah  
Whoahhhh  
Whoah  
Whoah  
Whoahhhh
