

## Calling It Now

Adam Doleac

I've drank this bar a million times  
I'm as regular as a neon sign  
It's always just the same old same old crowd  
But something's different 'bout tonight  
I'm calling it now

She walked in in a denim dress  
The jukebox and my heart both skipped  
And I already knew 'fore she sat down  
I'm gonna buy that girl a drink  
I'm calling it now

And she doesn't have to take a shot on me  
Spend a Friday night on me  
Take my hand and let me spin her 'round  
No, she doesn't have to fall in love with me  
Lose all track of time with me  
Stay up all night long and shut it down  
But I think that girl's got my number  
I'm calling it now

Turns out, she's a Wendy fan  
And knows good whiskey from her dad  
And she's in here 'cause forever didn't work out  
Well that ain't gonna be us  
I'm calling it now

No, she doesn't have to take a shot on me  
Spend a Friday night on me  
Take my hand and let me spin her 'round  
No, she doesn't have to fall in love with me  
Lose all track of time with me  
Stay up all night long and shut it down  
But I think that girl's got my number  
I'm calling it now

Yeah, I'm calling it now, yeah  
I'm calling it now, yeah  
Ah-oooh  
Yeah, I'm calling it now

Now that's been five years ago  
And I bet all y'all wanna know  
If I was crazy and how it all turned out  
Well, I'm standing at the end of the aisle she's walking down  
Forever's lookign good  
I'm calling it now
