

Coulda Loved You Longer

Adam Doleac

We were both downtown, different sides of the same crowd
Wasn't even gonna go out or stay that late
You wrote your number on a napkin without me even asking
Still feels like it happened just yesterday

And I know we got forever, babe
So I got no reason to complain
There's nothing about us that I'd change
Except one thing

Wish I'da met you sooner
So I coulda loved you longer
Wish I'da spend it on you
Instead of wasting all that time
All of our favorite memories
Would go back a little bit farther
Wish I'da met you sooner
So I coulda loved you, I coulda loved you longer

All of those sunsets, I bet they woulda looked better
Shining in your eyes with your hand in mine
And all of those lonely night that we coulda been together
Coulda felt like this every time we kissed, can't help it, I

Wish I'da met you sooner
So I coulda loved you longer
Wish I'da spend it on you
Instead of wasting all that time
All of our favorite memories
Would go back a little bit farther
Wish I'da met you sooner
So I coulda loved you, I coulda loved you longer

Wish I'da met you, wish I'da met you, wish I'da met you sooner
I coulda loved you, I coulda loved you, I coulda loved you longer
Wish I'da met you, wish I'da met you, wish I'da met you sooner
I coulda loved you, I coulda loved you, I coulda loved you longer

And I know we got forever, babe
So I got no reason to complain
There's nothing about us that I'd change
Except one thing

Wish I'da met you sooner
So I coulda loved you longer
Wish I'da spend it on you
Instead of wasting all that time
All of our favorite memories
Would go back a little bit farther
Wish I'da met you sooner
So I coulda loved you, I coulda loved you longer

Wish I'da met you, wish I'da met you, wish I'da met you sooner
(Yeah, so I coulda loved you longer)
I coulda loved you, I coulda loved you, I coulda loved you longer
Wish I'da met you, wish I'da met you, wish I'da met you sooner
I coulda loved you, I coulda loved you, I coulda loved you longer
