

Drinkin' It Wrong

Adam Doleac

It's supposed to make you crazy
And get you out of your seat
It's supposed to get you feeling loose
And blowing off a little steam
It ain't complicated
All you gotta do
Is get out of your own way
And let the good time come to you

If you got work on your mind
If your worries ain't gone
If it ain't hitting you right
Well, you're drinkin' it wrong
If that bottle ain't cold
You've been holding it too long
I don't know what you've been told
But you're drinkin' it wrong

If you're slow, slow sippin'
If your cup ain't tippin'
If that buzz ain't kickin'
Yeah, you're drinkin'
But you're drinkin' it wrong

There's a million different reasons
And things to drink about
So, if you ain't here to drown 'em
You might be the odd man out
So, get to poppin' tops and twists
And caps, singing and dancing
You can ask that girl out on the floor
You can leave here empty-handed

If you got work on your mind
If your worries ain't gone
If it ain't hitting you right
Well, you're drinkin' it wrong
If that bottle ain't cold
You've been holding it too long
I don't know what you've been told
But you're drinkin' it wrong

If you're slow, slow sippin'
If your cup ain't tippin'
If that buzz ain't kickin'
Yeah, you're drinkin'
But you're drinkin' it wrong

Yeah, you're drinkin' it wrong
Drinkin' it wrong

(Slow, slow sippin')
Slow sippin'
(Cup ain't tippin')
Ain't tippin'
(Buzz ain't kickin')
Yeah, you're drinkin' it wrong

(Drinkin' it wrong)
(Slow, slow sippin')
Slow sippin'
(Cup ain't tippin')
Ain't tippin'
(Buzz ain't kickin')
Yeah, you're drinkin' it wrong

If you got work on your mind
If your worries ain't gone
If it ain't hitting you right
Well, you're drinkin' it wrong
If that bottle ain't cold
You've been holding it too long
I don't know what you've been told
But you're drinkin' it wrong

If you're slow, slow sippin'
If your cup ain't tippin'
If that buzz ain't kickin'
Yeah, you're drinkin'
But you're drinkin' it wrong, yeah
You're drinkin' it wrong
Yeah, you're drinkin' it wrong
Yeah, you're drinkin' it wrong
