

Wrong Side Of A Sunrise

Adam Doleac

She tried to tell me
She ain't the type to stick around, no
She tried to save me
From what I'm feeling right now, yeah

But she looked like an angel
Dancin' with the devil
I thought I knew leavin'
But she knew it better

I woke up on the
Wrong side of a sunrise
She disappeared like a
Heart breakin' thief in the dark
She had me fallin'
In that Alabama moonlight
But I closed my eyes and
She slipped right out of my arms
No her in my t-shirt
No morning kiss goodbye
I woke up on the
Wrong side of a sunrise

She left a memory
She left a wine glass by the bed, yeah
She left me dreamin'
About a night I won't forget

Guess I got a taste of
My own medication
Yeah, she got me goodbye
I'm not used to sayin'

I woke up on the
Wrong side of a sunrise
She disappeared like a
Heart breakin' thief in the dark
She had me fallin'
In that Alabama moonlight
But I closed my eyes and
She slipped right out of my arms
No her in my t-shirt
No morning kiss goodbye
I woke up on the
Wrong side of a sunrise
Wrong side of a sunrise

I woke up on the
Wrong side of a sunrise
She disappeared like a
Heart breakin' thief in the dark
She had me fallin'
In that Alabama moonlight
But I closed my eyes and
She slipped rightout of my arms
No her in my t-shirt
No morning kiss goodbye

I woke up on the
Wrong side of a sunrise
No tangled up in sheets
No one more one last time
I woke up on the wrong
I woke up on the
Wrong side of a sunrise
Wrong side of a sunrise
Wrong side of a sunrise
Wrong side of a sunrise
