

# Talk About Love

Adam Faith

Well, baby, I'm here  
To talk about love  
To talk about love  
And all that love has given me

It made me feel good  
Like I knew that it would  
Talk about love  
Talk about love

There's nothing so sweet as  
A stroll in the moonlight  
You just can't beat, well, baby  
That last kiss late at night

Oh, baby clover  
I feel good all over  
Talk about love  
Talk about love

Well, you gotta say  
Talk, talk about love  
Lord, you gotta say  
Talk, talk about love  
Make you feel okay  
Talk, talk about love

Well, now that I found love  
Can't do without it  
Now that I found love  
Let me tell you all about it

It's the greatest  
Come on and taste it  
Talk about love  
Talk about love

Well, you gotta say  
Talk, talk about love  
Lord, you gotta say  
Talk, talk about love  
Make you feel okay  
Talk, talk about love

Well, now that I found love  
Can't do without it  
Now that I found love  
Let me tell you all about it

It's the greatest  
Come on and taste it  
Talk about love  
Talk about love

Well, you gotta say  
Talk, talk about love  
Lord, you gotta say

Talk, talk about love  
Make you feel okay  
Talk, talk about love...
