

What Now

Adam Faith

What now, now that you're gone left me
What now, now that i'm sad and lonely

No arms to holdin' me tightly
No touch to touched me lately

Ohhoa,what shall i do what no-no-no-no-now

What now, what if they ask about you
What now, where can i go without you

Too scare to go out walking
I know i' ll hear them talking

Ohhoa,what shall i do what no-no-no-no-now

My poor heart is gone to be since you're not around
What am i suposed to what with all little things we found

What now, what if i never found you
I've got something you left behind you

One heart that's truly broken
All the words that ve had spoken

Ohhoa,what shall i do what no-no-no-no-now

My poor heart is gone to be since not around
What am i suposed to what with all little things we found

What now, what if i never found you
I've got something you left behind you

One heart that's truly broken
And all the words that ve had spoken

Ohhoa,what shall i do what no-no-no-no-now
Ohhoa,what shall i do what no-no-no-no-now
Ohhoa,what shall i do what no-no-no-no-now
Ohhoa,what shall i do what no-no-no-no-now.....
