

Under Control

Adam Freeland

I think we're onto something
Yeah this could be the time
I heard a change is coming
Got here before it arrived
Too late to think about it
Just like in to the ride
Been busy organizing
To bring you here tonight

Don't buy the hype about it
Cause this ain't '89
No time to talk about it
Just gotta feel it all right (all right)
You've been knee deep in nothing
The water's starting to rise
Need to hold onto something
Before you're buried alive

Just relax
Nothing is under control
Relax
Nothing is under control

I'm feeling kinda jaded
Tell me a new ideaIt used to take forever
But now i'm done in a year
I need to get excited
Bring on the good times, hello (good times)
You thought you were invited
Ish don't think so

Just relax
Cause nothing is under control
Relax
Cause nothing is under control

Just relax
