

Bunnyranch

Adam Green

Bind me, gag me, take me to the bunny ranch
People dying, kill me in the packing house
Even you have to win sometimes, dear
Poison needles, smoker, break a broken window, mind you.

One kiss, two kiss, how d'you make it look like that?
Do me, doggy, rape me in the parking lot
Even you have to win sometimes, dear
Poison needles, smoker, break a broken window, mind you.

Bind me, gag me, take me to the bunny ranch
Bind me, gag me, take me to the bunny ranch
