Bunnyranch

Adam Green

Bind me, gag me, take me to the bunny ranch People dying, kill me in the packing house Even you have to win sometimes, dear Poison needles, smoker, break a broken window, mind you.

One kiss, two kiss, how d'you make it look like that? Do me, doggy, rape me in the parking lot Even you have to win sometimes, dear Poison needles, smoker, break a broken window, mind you.

Bind me, gag me, take me to the bunny ranch Bind me, gag me, take me to the bunny ranch
