

Don't Call Me Uncle

Adam Green

Don't call me uncle Elroy
Don't leave me in dismay
Hold up the original feeling that wipes away all shame
That's very nice to be constructive like an old man in a young

Don't call me Chester Cheetah
Don't call me Uncle Sam
Just play me like an orchestra that makes a boy your man
Then go into another station my dear and find a girl who fits i

Who comes rumblin' down the canyon just proud enough to be my l
emon bride
Don't call me Mr. Well-Read
Don't call me Professor Tom
You know I've paid the consequence for all I have done wrong
But that's alright in the assembly of the evening in the olive
branch
When you reemerge in the nighttime you'll explore that hollow f
eeling at a trance

Don't call me Wooden Shoe Guy
Don't call me Wooden Man
Don't call me Mr. Scarecrow, I have a master plan
But I don't know what is Egyptian
I don't know what is a western thought
I don't know what is a mystery to all or which has already been
taught

The eagle sure has landed and it made me really sad
Just go away in back of me and call Uncle Dad
You're my daughter in a sense and I get nervous when you go out
side
To the bedrooms of the aliens, just love could make a grown gir
l die
