

We Tried

Adam Gregory

It's not complicated
We got tight then faded
Now here we are
It just seems too bad
The time we wasted is sad
Hmm, getting here was hard

Kept goin' round and round
Couldn't stop from crashin' down

We tried
We tried
Fate and forever
Wasn't on our side
We fall
And we fall
There's no one
To blame it on
We tried, yeah yeah

All the broken parts
Were there from the start
They just got in a break
I'm gonna take back my life
Put it together in time
And you're gonna do the same

Kept goin' round and round
Couldn't stop from crashin' down

Oh, we tried
We tried
Fate and forever
Wasn't on our side
And we fall
Oh, we fall
There's no one
To blame it on

Oh, we tried
We tried
Kept goin' round and round
Couldn't stop from crashin' down

Oh, we tried
We tried
Fate and forever
Wasn't on our side
We fall
Oh, we fall
There's no one
To blame it on

We tried
We tried
Oh, we tried
