

# December

Adam Lambert

November  
Nothing much to remember  
You were not in sight

December  
Change of the weather  
You were by my side

Love  
Is all we want  
Love  
Love  
Is all we need  
It's all that we really want

No matter  
Where the trail goes  
I know your close by  
Changes  
In the seasons  
It's just what's required

Love  
Is all we want  
Love  
Love  
Is all we need  
It's all that we really want

Love  
Is all we want  
Love  
Love  
Is all we need  
It's all that we really want  
Yeah!

Love  
Oh love  
All we want is  
What we want  
It's what we really need

Love love love love  
Is what we want is  
What we want  
It's what we really need  
Yeah!

Love  
Is what we want  
Is what we really want  
Yeah...Love.
