

# FACE

Adam Lambert

I wanna take ya  
Take ya tonight  
I wanna take you for a ketamine flight

Don't wanna fake it  
Don't fake the light  
I wanna make you feel, make you feel my bite

I know, know how to dominate  
Oh, I  
Go, go till your body shakes  
Do you wanna fly  
High, high, high?  
Do you wanna fly?  
High

Feel my face, face, face, face, my face, feel my face

I wanna do it  
Wanna do you right  
I wanna do it till you're screaming Jesus Christ

Don't want it too tight  
Stay loose tonight  
Keep doing what you're doing  
Oh baby, ride me right

I know, know how to dominate  
I go, go till your body shakes  
Do you wanna fly  
High, high, high?  
Do you wanna fly  
High, high, high

Feel my face, face, face, face, my face, feel my face

Taste my taste  
Feel my face

Face, face, face, face  
Feel my face

Your face is my face  
Face  
Your taste is my taste

(Your taste is my taste)  
(Feel my face)
