

# First Light

Adam Lambert

November  
Not much to remember  
You were not in sight  
December  
Change of the weather  
You were by my side

Love is all we want  
Love  
Love is all we need  
Is all that we really want

No matter where the day goes  
I know you're close by  
Changes in the seasons  
It's just what's required

Love is all we want  
Love  
Love is all we need  
Is all that we really want

Love is all we want  
Love  
Love is all we need  
Is all that we really want

Yeah love, love, love  
Is we what we want  
Is what we want  
Is what we really need

Love, love, love, love  
Is what we want  
Is what we want  
It's what we really need

Yeah yeah love  
Is what we want  
Is what we really want  
Yeah hey yeah  
Love
