

# Begin Again

Adam Melchor

Da-da-da-da-da  
Da-da-da-da-da  
Da-da  
Da-da-da-da-da  
Da-da-da-da-da  
Da-da

I broke a tooth on Tuesday night  
Chewing on a bottle top  
That's when the penny dropped  
And I'm not too proud to say I cried  
Even as the bleeding stopped  
It hit me all at once

Cause I know, I did it to myself  
I let it go to hell  
And I will go try but I can tell  
There's just nobody else  
You said "all good things must end"  
Tell me they begin again

Da-da-da-da-da  
Da-da-da-da-da  
Da-da

Now every time I crack a smile  
It's there reminding me  
Of the missing piece  
I know there's room to make it right  
I won't go quietly  
If you fight for me

Cause I know, I did it to myself  
I let it go to hell  
And I will go try but I can tell  
There's just nobody else  
You said "all good things must end"  
Tell me they begin again

Da-da-da-da-da  
Da-da-da-da-da  
Da-da

I know there's room to make it right  
I won't go quietly, if you fight for me

Cause I know, I did it to myself  
I let it go to hell  
And I will go try but I can tell  
There's just nobody else  
You said "all good things must end"  
Tell me they begin again

Da-da-da-da-da  
Da-da-da-da-da  
Da-da  
(Tell me they begin again)

Da-da-da-da-da  
Da-da-da-da-da  
Da-da  
(Tell me they begin again)

Da-da-da-da-da  
Da-da-da-da-da  
Da-da  
(Tell me they begin again)

Da-da-da-da-da  
Da-da-da-da-da  
Da-da  
(Tell me they begin again)
