

Frenemy (Slim Diss Track)

Adam Saleh

You unleashed a monster on a beat
No way in hell you'll be stopping me
From spitting these lyrical philosophies
You have no swag so stop it please
After this track I wanna hear an apology

You made a shitty track and thought you was an artist
Winfinity is who you belong to
And yes I am you boss bitch
Don't start acting tough cuz I can be real heartless
Me and Slim were like salt and pepper
But you really need to see a Doctor for that bad temper
I know you're really nervous when you're listening to my verses
Yes I grew up in the projects but I worked hard to get here
Fuck this, how's it? Livin on your Daddy's rent?
Call me president, 24 gotta girl you need to settle in
Someone call the Doctor this patient need some medicine
You're an imposter, you're the Rookie and I'm the Veteran
Arab mamba catch me 3am editing, scheduling
Business meetings just to make you relevant

You think I'm rude it's my Harlem attitude
Let's be honest, tell the truth
Sofia is the only reason you get views
You're doo doo, you're poo poo
Made a millie by the age of 22
You're a baby always cry when you lose
Breaking news, Fousey snaked his boy Abreezy too
Just found out, man Abreezy we told you
