Rollin' in your city pulling up
Let's see how many girlies I can fit up in my truck
Let me see how many baddies I can put up on this boat
Million people at my concert, that is not a joke (Ohhh)

Only in the city yeah they notice us (yeah)
At the hotel where we posted up (yah)
Pretty young thing you can roll with us (whip)
Do a couple things that we won't discuss (let's go)

Say she wanna ball (ball)
We can hit the mall (oo ooo) (oo ooo)
We can do it in the whip (whips)
I'ma make a call (call)

Honey lookin' sweet, so sweet, so sweet right there

Dance in the moonlight, yeah
Dance till the sunrise
Trust it feels right, trust when it feels right
Dance with me all night (dance)
Dance in the moonlight, yeah
Dance till the sunrise
And when the night ends I'll be right there

I didn't get a chance to write back, I hope you understand
But I'm about to hit your city and it really wasn't planned
We can hit the ocean playing with the sand
But for now I'm in the air, I'ma hit you when I land
She lives in Dubai but she's Persian (what)
So you know I put that work in (work in)
Liking my pics I see you lurking (I see you)
One of the realest no other version (yup)
She's liking my smile (yeah)
Give me those numbers to dille (eyyy)
And we could chill for a while
'Cause it can go down
