

Do Whatcha Do

Adam Sanders

I ain't gonna be worried
I ain't gonna stay stressed
I ain't gonna try to figure it out
Pretendin' like I know what's best
I'm over overthinkin'
I'm tired of getting no rest
Yeah I'm done tryin' to be the one
To make somethin' out of this mess

So I'ma letcha do whatcha do
I'ma letcha be who you be
I'ma give it all to the one who made it all
And is taken good care of me
I'ma let go letcha go down any ole road
I'll follow anywhere you lead
I'm gonna hand it over, gonna turn it loose
Gonna sit back, gonna let you
Do whatcha do
Do whatcha do

If whatcha do is part the waters
Put a dirt road through the sea
Then I know no matter what I'm goin' through
You're gonna make a way for me

So I'ma letcha do whatcha do
I'ma letcha be who you be
I'ma give it all to the one who made it all
And is taken good care of me
I'ma let go letcha go down any ole road
I'll follow anywhere you lead
I'm gonna hand it over, gonna turn it loose
Gonna sit back, I'm gonna let you
Do whatcha do

I'ma letcha do whatcha do
'Cause everything you do is better than if it was up to me
I'ma letcha do whatcha do
'Cause everything you do is better than I ever would've dreamed

I ain't gonna be worried
I ain't gonna stay stressed
I ain't gonna try to figure it out
Pretendin' like I know what's best

So I'ma letcha do whatcha do
I'ma letcha be who you be
I'ma give it all to the one who made it all
And is taken good care of me
I'ma let go letcha go down any ole road
I'll follow anywhere you lead
I'm gonna hand it over, gonna turn it loose
Gonna sit back, I'm gonna let you
Do whatcha do
Do whatcha do
Do whatcha do
Do whatcha do
