

## Eggshells

Adam Sandler

Okay, this is for the people who either live together or have been married for awhile. Okay? This is for you.

You're giving me a strange look In the mirror  
As I brush my teeth [laughter]  
I don't know What I could have done wrong  
'Cause I literally just woke up [laughter]  
Maybe you had a dream That I cheated on you [laughter]  
Or you remember something mean I said Like two fucking years ago [laughter]  
All I know is that all day long It's gonna be weird [laughter]  
(Eggshells)  
Why the hell is she walking past me Without talking?  
(Eggshells)  
I told her her hair looked good  
And that somehow made things worse  
(Eggshells)  
When she picks up the phone She uses a nice voice  
But when she hangs up It's back to fucking monotone [laughter]  
(Eggshells)  
I see you're reading a book In the kitchen  
But she hasn't turned a page In 45 fucking minutes [laughter]  
(Eggshells)  
Then I realize I said yesterday  
I'd start going on walks with her  
But I didn't say it With enough enthusiasm

Thank you.
