

Beyond Disillusions

Adamantra

All alone
And still I'm full of void
The dream is over I cry
when I kneel on the ruins
Powers of hate
They became my strength
Enslaving me
Forcing me to obey greed

What have I done
Is there a God above
...forgive me
The spirits are on the run...

And the ground divides
And swallows my fury and shame, my pain
I forgive
On the altar
I forgive my sin
I am free
I am free
I fly at last
I'm free

I became
My worst enemy
Destroying all
Everything that I hold dear
Demons haunt me
They appear from within
Illusions, fears
Tainted dreams
Are lashing

What have I done
Is there a God above
...forgive me
The spirits are on the run...

And the ground divides
And swallows my fury and shame, my pain
I forgive
On the altar
I forgive my sin
I am free
I am free
I fly at last
I'm free

I'm free to fly home...
