

## Blessed

Adamantra

How can I explain?  
what I feel inside  
how much I love you  
how much I care

You are a blessing  
and I have been blessed with  
You

I've found my light in the dark  
may it also guide your way  
I'll teach you  
all that I know  
even though it may not be...  
enough for me

I wonder what you will say  
when you grow up  
can I see you smile?  
'cos now when you sleep  
I feel the Wisdom  
The reason behind it all

(The Reason behind it all...)
